Application Statement

Submit an “applicant statement” on an additional sheet that addresses the following:

Section I: Use Variance

Complete Section I only if you are requesting a **Use Variance**.

1. Under the current rules, is the applicant deprived of the property rights commonly enjoyed by other properties in the same district?
2. Are there special conditions and circumstances which are peculiar to the land, structure or building involved and which are not applicable to other lands. Structures. or buildings in the same district.
3. Would the granting of this variance request confer on the applicant any special privilege that is denied by this resolution to other lands, structures or buildings in the same district?
4. Does the variance requested alter the essential character of the locality?
5. Can the variance requested be otherwise resolved by a zoning map amendment?
6. Will strict compliance with the Zoning Resolution result in a hardship condition and is that hardship condition created by the actions of the applicant.
7. Will the granting of the variance adversely affect the rights of adjacent property owners or residents?
8. Will the granting of the variance adversely affect public health, safety or general welfare?
9. Is the variance sought the minimum that will afford relief to the applicant?

Section II: Area/Dimensional Variance:

Complete Section II only if you are requesting an **Area/Dimensional Variance**.

1. Describe the special conditions that exist which are peculiar to the land or structure involved and which are not applicable generally to other lands or structures in the same zoning district.
2. Will the property in question yield a reasonable return or can there be any beneficial use of the property without the requested variance?
3. Is the requested variance substantial and is the minimum necessary to make possible the reasonable use of the land or structure involved?
4. Will the essential character of the neighborhood be substantially altered or will adjoining properties suffer substantial detriment as a result of the requested variance?
